

Service 806 Kings Cross & Central London to Farnborough Airshow

Monday 20th to Friday 24th July 2020

Farnborough is the oldest active airfield in the UK and has been associated with aircraft and airships since 1908. It has for many years played host to the Farnborough International Airshow - a major trade exhibition for the aerospace and defence industries. For the first time this year, the Saturday and Sunday public days which traditionally marked the end of the Show have moved to Friday only.
